Natives Give Big Dance

Through the untiring efforts of Mrs. Ada Taylor and Mr. Joseph Louie the big Native Indian dance and American dance, after the main event, were a big success at the Rink last night. The first part of the program was carried out to a perfection and then the fun for the evening commenced and lasted until the small hours of the morning. This is for a good cause and promises to be an annual event, so prepare for next year when it will be bigger and better than this year, which will be going some as this, the first one, was a huge success.

Paul Goes To Ketchikan

The genial proprietor of the Sentinel could not resist the call of the Basket Ball team that went to Ketchikan last night on the Uncle Dan to bring back the bacon from the First City. Paul and his Fifteen-Sixteenths will return with the team after visiting relatives in Ketchikan. We have the promise of being "Pi Boy" if Wrangell does not fetch home the scalp of that bunch in the aforesaid First City. Luck to you and the team Paul.

Since the issue of the Sentinel last week several people of Wrangell have asked the Editor to run again the cut showing the proposed Dry Strait Channel so we print it again herewith. This is something that will come before you in many years, the coming year so we would recommend that each subscriber put this copy away for future reference. \$25,000 has been included in the appropriation bill to be used for a preliminary survey of the channel.

The Dry Strait channel lies between Mitkof Island and the tide flats adjoining the mouth of the Sitka river, running from High Island a point four miles from Wrangell, into Fredrick Sound near the northern end of Mitkof Island, a total distance of nine miles.

Red Men's Ball Tonight

Tonight is the big night at Red Men's Hall. The annual Red Men's Masquerade Ball will be in full swing tonight and from every indication it is going to be one of the biggest affairs that was ever pulled off in the city. Many new features are promised for the evening, first the dance will start promptly at 8 P. M. and last as long as any one stays. The grand march will be at 10:30, so you want to come early or you will miss some of the fun.

The Lodge have 16 prizes up, and they are everyone prizes worth going after, and the dancers are going after them too. So you can look for one of the biggest times ever tonight. The prizes will go for the best waltzers, most original costumes, most gorgeous costumes and the most comical costume, there being first and second prizes for both the men and the women. Space does not permit us naming each of the prizes but they are on exhibition at the Wrangell Dime Company, so if you haven't noticed them call around and take a look.

The committee have worked hard for the dance and their efforts will be rewarded by everyone having a good time. The admission to the dance will be: All maskers \$1.00, spectators 50c, and children 25c. So don't forget if you want to have a great time drop around to the Red Men's Hall tonight.

∴ A HAPPY NEW YEAR ∴

Yours for increased Prosperity and better prices than ever for 1915

Basket Ball Team Leaves For Ketchikan

The Wrangell Basket Ball team departed on the Uncle Dan for Ketchikan last night where they will play on the first of the year. The boys through the guidance of Mr. Pigg have gotten themselves into trim and should give any of the teams in Alaska a hard game. Our little city can rest assured that the boys will play a good clean game and we will watch for them to bring home the bacon. There was a good crowd down to see the boys off and they certainly departed with the town with them. Ketchikan, win or lose will play a return game the fore part of next month. The Sentinel wants to see Wrangell the champions of Alaska. Jon Voyage, Boys.

Christmas Exercises St. Philips Church

The Christmas exercises and tree of St. Philips church was given Christmas Eve at the St. Philips Gymnasium and was a decided success and a credit to the Sunday school children and the teachers who drilled them. A very good program was rendered after which the presents were given to all the children from the big tree. Everyone present received a bag of Christmas candy and left the hall filled with the Christmas cheer.

The Uncle Dan made an extra trip to Craig this week with a load of freight.

HOW A MOTOR "TALKS."

The Sympathy That May Come Between the Animate and Inanimate.

"One day my chauffeur was taken ill, and I drove myself in, left the car standing in a side street during the day, and drove home at night," said a suburbanite. "Then, for the first time, I began to sense the feeling of sympathy or mutual sympathy, if such an expression may be permitted between animate and inanimate things, between the machine and myself. Several trips by myself confirmed the sensation; then I bought another car for the family and now drive myself regularly in this one."

"I have often thought of the stories told by locomotive engineers in which their great engines are endowed with almost mental faculties. There are enough of them to fill a book, but I never considered them seriously until I began with this car. Sometimes the engine sings; sometimes it purrs. I know its 'sing' and its 'purr.' If anything is the matter with it it tells it in a language entirely intelligible to me. It responds to my lightest touch in all its functions, but once," and here his voice became grave, "it refused to run into an unlighted ditch where I was trying to steer it. I looked for half an hour for the trouble with the steering apparatus, but could find nothing wrong."—Suburban Life.

Fun In Space.
I dreamed last night that I was present at a committee meeting of the sun, earth, moon and stars.

"I'm no coward," said the earth.
"No, but you have two great fears," said the sun hotly.

"And those are?"

"The hemispheres."

"You've forgotten the atmosphere," put in the moon. And the comet, who had no business to be there, wagged his tail with joy.

The New Is But Old The Other Way To

The old year dies and the new year dawns,
But time plays on with the selfsame pawns;
And still, for all we may say or do,
"New" is but "old" set the other end to.
The old year was "new" few moons ago,
And new year as "old" we soon shall know,
For ever this ancient truth is found—
The "new" is "old" turned the other way round.
The old year goes, with its aged grief;
The new year comes with youthful eyed belief,
But deep though we quaff illusion's cup
Still "new" is "old" turned the other side up.

With this issue the Sentinel enters upon its fourteenth year. Although part of this time the paper was known as the Alaska Sentinel which suspended publication and was again started as the Wrangell Sentinel. During the past years the Sentinel has had many ups and downs, many knocks and many boosts, but through it all we have come out on top, and with the new year the Sentinel enters the brightest area of her history.

It is with a feeling of pleasure that we view the coming new year, and we want to wish you all a Happy New Year and may prosperity smile on everyone during the whole of 1915.

Without the slightest doubt the coming year is going to be a banner one in Wrangell's history in every way. It is now assured that the government will do something on the Dry Strait channel next summer which will mean that many thousands of dollars will be spent here, during the summer months, to say nothing of the million or so the real channel will cost. This is not a matter of a wild dream, but is something that must come in time and now is the time, for many years the steamship companies have held with dread the Wrangell Narrows, not only in the real danger of the narrow and rocky pass, but of the delays that it causes by having to lay the boats up at one end or the other for several hours to wait a suitable tide to carry them through, and for the other boats that have had to go around the out side being to large to go through Wrangell Narrows and thereby making the trip a hundred and fifty miles longer. This is coming soon. The amount of twenty-five thousand dollars has already been included in the appropriation bill for a survey of the channel next summer, and we have it from the very best authority that it is going through.

And this is not the only thing that is coming to this section this year. Several mining propositions are looking better than ever before and it is assured that several deals will be made in the spring that will tend to open up the properties.

Things never looked better. More people than ever before are turning their eyes towards Alaska so lets all get in and boost for Wrangell and watch her grow.

A prosperous 1915 to All.

Fred Purinton

Comes To Stay

Fred Purinton arrived up on the Jefferson and will make Wrangell his home in the future. Mrs. Purinton will return from Ketchikan with the Basket Ball team. Fred is an old base ball fan and says there is no reason why Wrangell should not have a team. Fred was manager of the Ketchikan team for three years and gave them more ball than the town had ever had before. He says if Wrangell will back him up he will see that we have a ground here. Being a thorough show man it behooves us to help him out. Mr. Purinton has taken a lease on the Rink and will be found boosting for that popular place all the time. Glad to have you with us Fred. Mrs. Purinton was and is a very popular lady in the First City and we are glad to welcome her among us. Let the slogan be "A base ball ground for Wrangell or bust" and with Fred and Mrs. Purinton to take charge of the wheel we will get it.

Benefit Given

At The Rink

A benefit was given at the Rink Tuesday evening for the purpose of raising money to take the Basket Ball team to Ketchikan where they play against a picked team of that city on New Years night. The first part of the evening was taken up by a basket ball game in which the regular team was the winner on a score of 20 to 6, and after the game the Rink put on a great war picture showing the Boer War. Everything went fine and the boys cleared a neat sum to go toward their expenses.

Fine Exercises

Local Church

The Exercises and tree of the Presbyterian Church was held at the church on Christmas Eve. The church was beautifully decorated with evergreens and the tree was very pretty. After the exercises presents and Christmas candy was given to those present. The evening was a very enjoyable one and full of the Christmas spirit.

Big Canneries

Are Indicted

Notice has been served on Attorneys Gunnison & Robertson, representing Libby, McNeill & Libby; Z. R. Cheney, representing the Alaska Packers Association, and Captain Roundsfeldt, representing the Fidalgo Fishing Corporation, to appear at Valdez on April 2, to answer indictments alleging illegal fishing in the waters of western Alaska.

It is understood that at least a dozen other large fishing corporations will be summoned within the next thirty days to appear and answer similar indictments, as a result of the investigations conducted by Doctor Jones, representing the department.

Geo. M. Chesney, manager of the Electric Supply Company of Ketchikan, was in the city last week inspecting the local wiring for the fire insurance company. Mr. Chesney reports that he finds the wiring in much better shape than it had been reported to him.

At The Rink

Show Tonight

That most popular of all serial stories "The Perils of Pauline" will be shown in the 6th episode. We are informed that this is the most exciting of the story so far shown. The escape of Pauline being very exciting. There are two Pathe Dailies on the bill and they are taking us to the great war in Europe closer each issue. The two comedies that wind up the bill are guaranteed to cause sixty laughs a minute. We are going to start the show at 8 o'clock sharp so you can see the show and then go to the dance at Rer Men's Hall. Watch for one of the biggest surprises of the season soon. Ask your neighbor about Senator McPhee. The Rink is the home of the big attractions.

Reindeer Herd

Killhd By Wolves

Another reminder of the necessity of a bounty on wolves is brought close to home in a manner that leaves no doubt in anybody's mind.

It is only a few weeks ago that the government brought a small herd of reindeer from the first division to experiment on Annette Island. The reindeer were brought and turned loose to take care of themselves. It was not long before they were scattered all over the island. One died a few days later on the beach. Others returned to their landing place, but still others remained away. Later the supposed leader returned minus considerable of its hide and hair, showing evidence of a desperate encounter.

A native of Metlakatla reports that the reindeer are all missing now and the presumption is that they have all been killed by wolves.—Progressive.

Supreme Court

Reverses Decision

The supreme court of the United States has reversed the decision of Judge Fuller of the Fourth division of Alaska in the case of the United States vs. John Wigger. The question at issue was the validity of the act of the Alaska legislature authorizing the joining of indictments covering two or more acts or transactions in the same class of crimes or offenses. In its decision the supreme court holds that the act of the territorial legislature is a valid one and that an indictment thereunder may include more than one offence of the same character.

New Business

In Wrangell

Another addition was made to Wrangell's business concerns this week when Harry Eastman opened his shoe shop in the building next to the Shurick Drug Co. Mr. Eastman is a first class shoe man in every way and is assured his share of the Wrangell work.

The good ship Karen left here for Petersburg Tuesday to get there in time to attend the dance given by the Sons of Norway. Her passengers were Mr. and Mrs. Dr. Shurick and our well known comedians Messrs. Woodworth and Purcell from the Wrangell Photoshow.

WINCHESTER
.401 Caliber
Self-Loading Rifle.

This new Winchester is reloaded by recoil,
the repeating as well as the firing mechan-
ism being under control of the trigger
finger. A bullet fired from it strikes a blow
of 2038 pounds—force enough to topple
over the biggest game—penetration enough
to reach the innermost vital spot. Tho
wonderful in operation and powerful in
execution, this rifle is neither complicated
in construction nor cumbersome to handle.
It Hits Like The Hammer Of Thor.

You get the highest prices and the quickest returns when you ship
your furs to Funsten. Coon, mink, skunk, muskrat, marten, fox,
wolf, lynx and other furs are valuable. We receive and sell more
furs direct from trapping sections than any house in the world.
The biggest American and foreign buyers are represented at our
regular sales, which run into millions of dollars yearly. The fierce
competition among buyers at our sales enables us to get higher
prices than anyone else. That's why we can send you the most
money for your furs, and send it quicker.
Big Money in Trapping. While work on the farm is
good sport and pays big profits, we furnish trapping outfits at cost. Traps, baits, etc.,
that make trapping easy. Write today for Catalog No. 10 and full particulars.

NEW YEARS GREETINGS
May the Goddess of luck be thy servant throughout the New Year, May the paths you trod be rosy and clear; May your disappoint-
ments be few and pleasures many; May your portion of hard luck be not any.
We take this opportunity of thanking you for your patronage during the old year and expressing the hope that it will continue
throughout the new. With best wishes for the New Year.
